

The internet, social media and traveling in your Big Rig

Keith Landers

Agenda

1. Connecting to the Internet on the Road
2. Finding Cool and Safe Places to Go
3. Getting information and help with Information about our Rigs
4. The Facebook of Rver's
5. Digitizing your Coach
6. Open Discussion

Connecting to the Internet on the Road

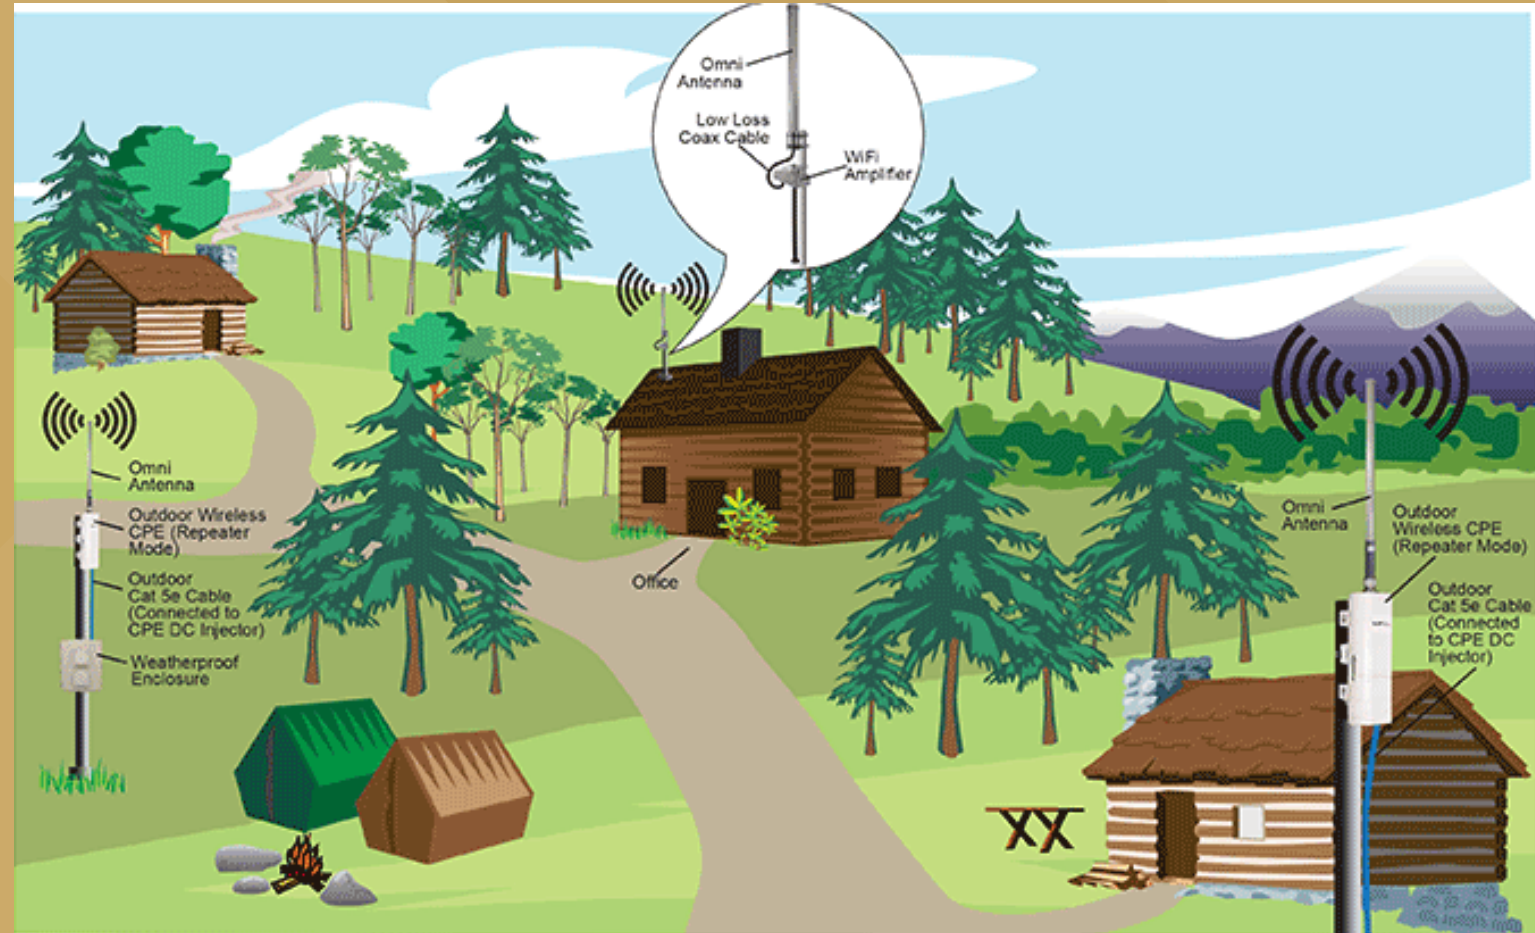

- Campground WiFi
- Cellular Providers
- Modding the Coach to change the game

Campground Wi - Fi

Truthfully – most of the time it sucks

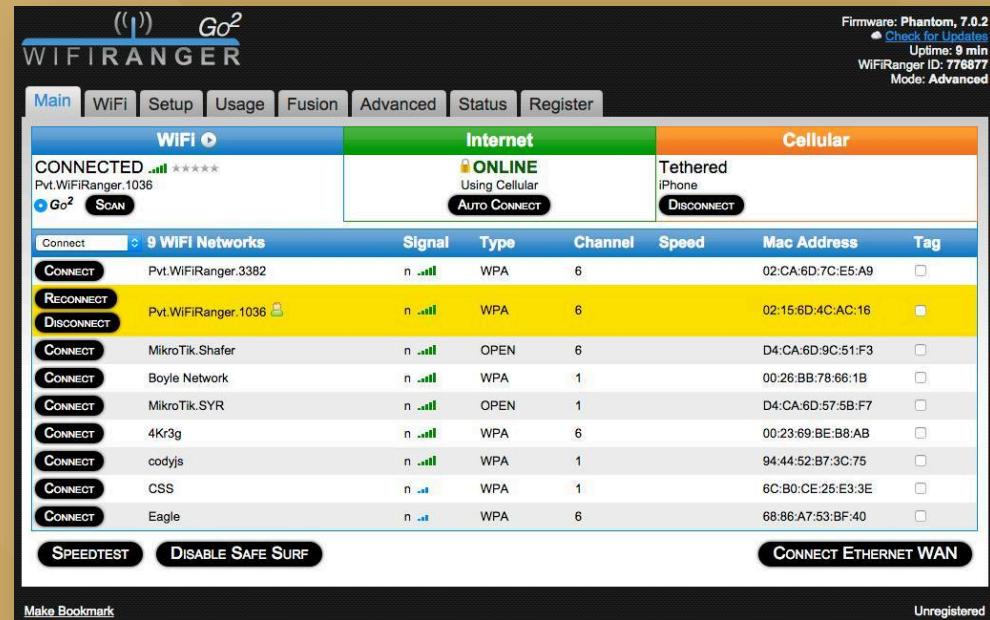

- But sometimes you can make it better
- Location
- Extension

Wi-Fi Extenders

Wi-Fi Ranger Elite

\$500+ Install

Cellular Connection

- Providers that Work
- Verizon
- AT&T
- Plans
- Extending

AT&T

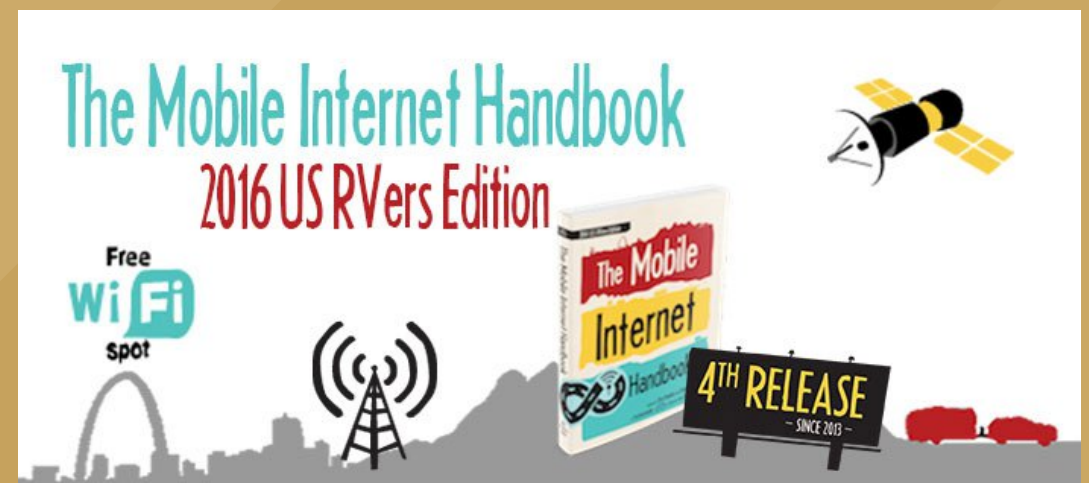

Enhancing Cellular

- The More Bars the More speed
- 3G versus 4G versus 5G?
- Weboost 4G

Super Techies

Our Park Directory is Lovingly Provided by 

[Click to get the Allstays App!](#)

The map displays a geographical area with several pink location pins, each featuring a white RV icon. The pins are clustered in the central and right portions of the map. Map controls at the top left include 'Map' and 'Satellite' buttons, and a zoom slider. Road markers for highways 89, 41, 75, and 98 are visible. Labels for 'Excel 2016' and 'Upper Hillsborough' are present on the map.
